Referred by a BhatkeVimuktaVikasPratishthanSansthanYemgarwadi

I am from a rural place of Latur, Yemgarwadi. I have 4 young siblings. Unfortunately we lost our parents at young age and we were looked after by a NGO, BhatkeVimuktaVikasPratishthanSansthan, Yemgarwadi. With the unconditional and selfless support of this NGO, I could pursue the education till S.S.C. I wanted to be self reliant and take the responsibility of my younger siblings at a priority.

My caregivers suggested the option of 'Patient Assistant Programme' by YCMOU. It is 1 year course with 100% assurance of employment from Vatsalya Trust, Mumbai. I also got a great relief to know that Vatsalya Trust, During our stay, we were always encouraged and supported by officials of of VTM

Today I am a role model for my younger siblings. Proud to be associated with one of the renowned hospital, 'Fortis' and drawing monthly salary Rs.13000/- .I am not only supporting my siblings but also earned my own Identity.
