

AshwiniMugale – PAP Dept.

As a child Whenever I watched Smartly dressed Nurse in the white uniform, checking the pulse of the patient with gentle and soothing smile on face,in any serial or movies attracted me. I dreamt to be a ‘Nurse’ serving perople.

It was a dream for a girl from the village of Umargaon, who was looked after by a old grandmother. When I was few months old, lost my parents in an accident.

Samaj Vikas ,an NGO backed me for my education till H.S.C .Though it was commerce stream at junior college my dream was making me impatient. Hence, my seniors suggested me a ‘Patient Assistant Programme’ ,at Vatsalya Trust, Mumbai, It was an opportunity which paved the way to chase my dream. I successfully completed the PAP and got the admission for G.N.M.

I sincerely owe my gratitude to Vatsalya Trust, Mumbai for grooming my personality positively. Now I dare to dream Big, really Big.
