

Success Story of Ajay Bahirwal, Shramik Manch Gramin Vikas Kendra, Beed

Ajay Ramesh Bahirwal lives in the Beed district with his family. His parents are sugarcane workers and that's why they had to migrate at different sugar factories for the cutting of the sugar cane, this is the reason due to which Ajay could not get a chance to linkup with the mainstream of the education.

Luckily he got to know about the driving project by Vatsalya Trust' collaborated partner – SMGVK and he completed the course. Today, he is earning up to 11,000 to 12,000 per month.

When asked, Ajay says, "I have been able to generate income through which I can fulfill my family' needs and also I have stopped the migration of my parents to the sugar factories. I am thankful to Vatsalya Trust!"
