Drive With Pride.

Success Story – Impacting Lives Of Aspirant.

Ashruba Shivaji Ujgare lives in a beed district, he comes from a very poor family background, his father is a worker, he used to do work at the city market. In the city market his father does very laborious work that he has to do loading and unloading the heavy vehicles. Ashruba, after completing his 12th standard decided to do some work because from the childhood he does not like the nature of his father's job and also he was not much interested in further studies.

Ashruba started searching for a job in a beed district but he cannot get any job as per his desire. Some people offered him job but he rejected them because of very low pay, he wanted a job which gives him income enough to fulfill his family needs and also he wanted to stop the working of his father as a labor at the city market.

One day, while all was going on, he received word from his friend about the Vatsalya Trust's Drive with Pride project. He then visited the office of Vatsalya Trust's local NGO partner Shramik Manch Gramin Vikas Kendra and got detailed information. After receiving the information, a ray of hope dawned on him, he saw an opportunity to learn driving and work as a driver in the future and he took admission for a driving course under Vatsalya Trust's Drive with Pride project. He completed his driving training, became a perfect driver and also later on he got job as a driver on a private vehicle as a driver through this he is now earning 10,000 per month.

Drive With Pride is a program run by Vatsalya Trust that supports vulnerable youths, from disadvantaged families/communities to realize their dreams by equipping and acquiring employability skills with life skills, which helps them to access decent employment.

When asked, Ashruba says, "I have been able to help my family financially and also I have stopped the working of my father as a labor in the city market with the driving training provided by Vatsalya Trust. I am very thankful to Vatsalya Trust, thank you!"
