Why invest in SBI Multi Asset Allocation Fund?

One fund for exposure across asset classes

Gives exposure to equity, debt and gold – power of three asset classes in one. Additional asset classes that bring in diversification are evaluated and can be added in future.

International Diversification

The fund can invest in overseas ETFs, thus providing an opportunity to benefit from international diversification.

Relatively better risk adjusted returns

While equity allocation aims at capital appreciation, debt provides stability during volatile time and gold allocation serves as a hedge against risk off scenario.

Regular Rebalancing

One of the most important aspects of asset allocation, is done by the fund and hence an investor need not worry.

ORPHANAGE

Child Care (Orphanage) and Rehabilitation (Adoption) Centre

Vatsalya started Child Care and Rehabilitation Centre (Orphanage) for destitute / deserted children (mostly infants) as its first core activity after obtaining the licence from the Government. The Orphanage and Adoption Centre was inaugurated on 02-06-1985.

Orphan children need care, affection, attention, protection and edification. Steady and caring family ambience help them grow better. Identifying this basic need, Vatsalya started Child Care and Rehabilitation Centre which takes care of infant children till they are adopted. In the last 40 years, Vatsalya has given more than 1350 children in adoption to the adoptive families through, its Kanjurmarg and Alibag Centres.

Few highlights of the project:

With total 45 admissions and 28 adoptions/ restorations during the year 2022-23, Vatsalya has maintained highest operational efficacy. Process of adoption are streamlined and currently there are 43 children at Kanjurmarg Centre.

Judicial authorities have been regularly sending unwed mothers and women/ children in distress for care and protection for short durations. Vatsalya rehabilitates such women by providing vocational skills like computer training/ Tailoring- fashion designing etc. during their stay, so that they can become financial independent by having source of income.

Children who are under 'care and protection' (CNCP) with Vatsalya even for a short duration are given school education so that they do not miss out on their academic year due to family problems. Their emotional needs and childhood is well protected during their stay till they are handed over to their parents or guardians.

Considering growing need of adoptions, Vatsalya started another adoption center at 'Alibag' in Raigad district of Maharashtra in 2010. Recently, 100th baby was given in adoption through Alibag Centre.

During the current year, 16 children were admitted and 8 children were given in adoption through Alibag Centre. Presently, there are 12 children at Alibag Centre.

BALIKASHRAM - Home for Destitute Girls

Balikhshram of Vatsalya started its journey at Sanpada in 2000 with a view to support destitute girls and for their care and protection. Girls between the age of 6 years and 18 years are admitted by the order of Child Welfare Committee (CWC) as per Juvenile Justice Act, 2015. Vatsalya continues to house them and enables them to complete their education. All children are looked after well and Vatsalya provides for their education, food, clothing, stay, health and medical needs.

At present about 59 girls are residing at Vatsalya's Balikhshram. Out of these 47 are in the age group of 6 years to 18 years and 12 are above 18 years. In addition to this Vatsalya provides emergency shelter to the children in distress for short periods, especially during nights and the duration extending in some cases upto 7 days. During the year such shelter was given to 28 minor girls who were also given counseling during their short stay.

Every girl is encouraged to pursue their education in nearby schools and colleges. In addition to their studies at the school, children are encouraged to learn with the help of the teachers at the Balikhshram.

During the year, two girls appeared for HSC examination and scored admirable marks. They are now pursuing BMS degree. Seven girls passed in SSC i.e. 10th standard examination and they are pursuing further education and Junior college. Ms. Jana Solanke graduated from Mumbai University and she is now pursuing Law degree.

We are proud of one of our girl Ms. Pooja Rauth who has secured admission for post graduate degree course i.e. MSc in Food Safety and Hygiene Management at the University of Birmingham, UK. Vatsalya has sought financial support from donors for her studies and has obtained assurances.

Ms. Pooja Shinde has cleared MHCET examination and got admitted for Masters in Management Studies (MMS) course.

Academically inclined girls are admitted in colleges to pursue the area of their choice and a few are being put in skill development programs. One girl is trained as a beautician and two are pursuing catering, and one in patient care. Five girls who have been released by CWC after reaching 18 years were supported financially for pursuing their higher education during the current year.

Almost all girls are very good in sports and often excel in sports meets. In the District sports meet organized by DWC in December 2022, children of Vatsalya won several trophies and 41 medals, practically sweeping the laurels.

Overall psychological health of our girls is monitored and necessary counselling is given by our counsellor on a regular basis. Children with emotional instability and behavioral issues are given therapies and motivated for better performance.

In order to inculcate the national spirit and to nurture them to be good and responsible citizens, we celebrated Independence Day, Republic Day, Gandhi Jayanti, Savitri Bai Phule Jayanti and Chatrapathi Shivaji Maharaj Jayanti.

Various festivals are celebrated with fun and frolic to apprise the children of religious and cultural

traits e.g. Navaratri, Ganeshotsav, Kojagiri Purnima, Diwali, Christmas/ New Year Eve. Every child's birthday is celebrated with festivities and enthusiasm.

Volunteers of NGO U&I Foundation take classes during weekends teaching the children basic mathematics as well as mannerisms and communication skills. Events were also conducted by volunteers of Fly Higher.

The During summer break many girls learnt the basics of digital literacy, Yoga and self-defense techniques.

During vacation, the girls spent a day at Arnala beach.

With active support of Mr. Ness Wadia, the co-owner of the IPL Team 'Punjab Kings' and his NGO 'NamMyoho Daan' the children watched two IPL cricket matches at the D. Y. Patil Stadium and at Wankhede Stadium.

Yoga teachers from 'NamMyoho Daan' also conducted regular Yoga classes for the children twice a week throughout the year.

On 17.12.2022 Mr. Ness Wadia visited the Sanpada project and also participated in Havan.

'Skill to Thrive' project

1. Patient Assistant Programme.

Genesis of the Issue:

The status of girls' education in the country is a matter of grave concern. As per the National Commission for Protection of Child Rights' 2019 report, almost 40% of girls aged between 15 and 18 years dropped out of the school, out of which more than half of them took up household duties.

Programme brief:

Education especially skill-oriented vocational courses are better option for such drop out girls.

Hence, Vatsalya started 'Patient Assistant Programme' (PAP) affiliated to YCMO University in year 2006 for such drop out girls. The Course is of one year duration and involves theory classes and 4 months of practical training in Hospital. The Girl students in Mumbai underwent practical training in 'Indravati' Hospital (Airoli) and 'Ashwini' hospital in Ghatkopar.

Vatsalya has been providing 'PAP' training at Mumbai, Navi Mumbai, Neral, Latur, Dapoli and in Palghar district. In all 250 girls get trained in these centers every year.

More than 1500 trained girls are so far placed in Hospitals/ nursing homes/ clinics and earning respectable livelihood.

Future Need:

'Health Care Industry' also needs large number of clinical/ diagnostic and other support staff for administering basic care to patients. Home care, geriatric care and extension of health care facilities in rural/tribal India need large pool of trained manpower in health care sector. Hence, Vatsalya started GDA (General Duty Assistant), a 6 months course at Kurla and Dervan to cater to Homecare segment.
