KANJURMARG

SHISHUGRUH

Nowadays the number of children surrendered to the trust for adoption has been reduced substantially. Better education and medical facilities available even in small villages are some of the reasons for less number of children being admitted to the Trust. This year 26 children are admitted to the Trust. During the year 16 children, were placed in adoption in loving families. Out of these 1 child was adopted by foreign nationals. During the last 34 years 1160 children have been given in adoption. The Trust makes sincere attempt to remain in touch with all the parents and children.

REHABILITATION CENTER

For the last more than three decades, 'Vatsalya' has strived to place children in adoption to good parents. However due to some special needs some children are not adopted. Some children remain with Vatsalya and they are required to be specially trained at Vatsalya for longer period. If such training is given at an early age, the children show considerable improvements. Experts and special educators are required to train these children. The Rehabilitation Center was initially started in order to support such Special Children. The services were thereafter extended to all children and now children mainly from Central Suburbs of Mumbai and also from far off places such as Thane, Dombivli, Ambernath, Badlapur also avail the said facilities. At Rehabilitation Center we are working towards achieving set goals and the development of the children with special needs. Our experts also attempt to diagnose any physical or mental disorder by various scientific tests so that the children can be given remedial therapy.

Rehabilitation Center consists of Khushi, Aakar and Sankalp projects. The said Rehabilitation center is registered under the Persons with Disability Act, 1995. Similarly the Rehabilitation Center has also been awarded certification under ISO 9001: 2015. During the year 170 new children availed services at Rehabilitation Center at Kanjur. Under the Outreach Program Vatsalya provides braces, splints and other artificial external devices serving to support the limbs or spine and to assist relative movements i.e. orthosis to special children who are from needy and poor families. During the year 54 children were provided orthosis free of cost. Some children were provided wheelchairs also. We must thank Shri. Umesh Raje for his dedication in serving special need children requiring orthosis.

Rehabilitation Center at our Alibag branch was inaugurated by Raigad District Civil Surgeon Dr. Ajit Gawli on 15th August 2018.

On 13th January 2019 at Pali - Alibag the Treasurer of the Trust Smt. Sanjeevanitai Raykar distributed hearing aids to 10 needy children from nearby villages, free of cost. The function was attended by the children with their parents and school teachers and Government officials. Speech Therapist and Audiologist Dr. Rushikesh Deshmukh investigates and diagnoses the children and educates the parents about the

use of hearing aids and various methods of improvements in hearing of the children. The said activity will go in long way in improving education and overall status of the children who were deprived of the same due to loss of hearing. During the year since January 2019 total 19 children were benefited.

28th February 2019 Dr. Vijay Mehetre and Dr. Archana Chaudhary conducted a workshop at Alibag for doctors and rehabilitation experts.

Patient Assistant Program

Vatsalya is successfully conducting the Patient Assistant Program since 2006 at Kanjur.

During the year 2018-19, 65 girl students took admission for the said one year course. Out of those, 25 girls were from extremely underdeveloped parts of Maharashtra. Entire cost for their education as well as expenses for their lodging, boarding and medical facilities were borne by 'Vatsalya'.

The students are taught anatomy for about four months by Dr. Smt. Jyoti Jadhav, Dr. Smt. Alka Bedekar and senior sisters Smt. Rohini Dongre and Smt. Meenal Narvekar. Thereafter for about four months practical training is imparted at Hiramongi Hospital, Mulund. Vatsalya is always grateful to Dr. Chokhani of Hiramongi hospital and his team of doctors and staff who are giving invaluable guidance and support to the students.

The students are also imparted soft skills such as English speaking, communication and basic computer operations which helps them in gelling seamlessly in modern hospital environment. In the month of March, the students visited 'Oka Blood Bank' Thane where they learned about blood group detection and hemoglobin. They also visited Keshvsrushti, Bhayndar.

Computer Training Center

Digital Literacy for under privileged

The need to empower economically and socially deprived part of our society, especially women, by imparting computer skills has been the focus of the computer centers of Vatsalya Trust, since their inception. Computer centers at Kanjur Marg and Sanpada had been offering digital literacy courses since 2006. L&T Infotech supported this programme for the past three years. In 2017, with significantly enhanced financial support of Rs 67 lakhs and active direct participation of CSR members of LTI, our activities reached the next orbit in terms of scale up, reach out to the needy and to enhance the employability of our students. Accordingly, reaching out, scaling up and empowering the needy have been the hall marks of our centers.

Training of poor youth in computer skills was taken to the door steps of the needy by creating new centers at Bhandup Hill and in Turbhe. Creating additional infrastructure and increasing the teaching faculty and creation of new centers among the abode of the target population helped in scaling up the number of beneficiaries to more than six hundred. Setting up of a computer class at Navi Mumbai Municipal Corporation's school at Mahape enhanced the number of beneficiaries by four hundred more. In the school, teachers from our centers trained the school teachers in using computers and the web. Further, the students were trained in computer skills which otherwise was limited. Two books on "Computer basics for school children I and II" for primary and for secondary school students, respectively, were written by our teachers, printed and distributed to them. To sum up about one thousand benefitted by the digital literacy programme.

Our efforts reflect inclusiveness in terms of gender, religion, caste and financial background. Vatsalya Trust collaborated with other NGOs in reaching out to special sections of the society. The synergy between the efforts of Vatsalya and our friendly NGOs resulted in a few third gender persons and children of commercial sex workers as beneficiaries. Turbhe center helped us to reach poor girls from the Muslim community who could not get digital literacy due to economic and social constraints. The location of

the computer center in their neighborhood and a female teacher provided the necessary confidence in them to join our programme.

The Centers at Kanjurmarg and Sanpada are recognized as an authorized learning centers by MKCL (Maharashtra Knowledge Corporation Ltd.) for basic MSCiT courses and domain specific, job oriented advanced courses in KLIC ENGLISH, Desk top publishing,, Advanced Tally and Advanced Excel. During the year 2018-19, our new centers were recognized as satellite centers for offering these courses.

Employability of young men and women from socially and economically backward section of the society were enhanced by offering them job oriented computer courses at affordable fees. Additional life / soft skills and communication skills in English were also imparted to them and prepared them for employment.

APPEAL TO THE VOLUNTEERS, DONORS AND WELL-WISHERS

Sometimes many volunteers take away receipts books and Diwali Bhet Coupons books from the Trust to collect funds, however, the said books or collected fund is not deposited in the Trust in good nick of time. This results in delay in audit report. Even the Auditors have remarked accordingly. Hence all the volunteers are sincerely requested to adhere to deposit the said books and money with the Trust in reasonable time and strictly by end of month of March and in case of any difficulties they should approach the office of the Trust. We also sincerely request our donors and patrons that in case our volunteers are not able to reach in time to collect the fund, they are requested to leave no room for any misunderstanding. In such an event sending the cheque by post or courier service will be highly welcomed. We hope that our donors would appreciate our difficulty in true spirit. Moreover, donors may communicate / contact the Trust via email and the arrangement for collection of the donation can be made.
